Why should we get vaccinated for COVID?

¿Por qué debemos vacunarnos contra el COVID?

The goal of any vaccine is to reduce severe illness, hospitalization and death.

Bivalent booster prevents:

- 62% of hospitalizations in first 2 months
- 50% in months 2-4
- 24% in months 5+

El objetivo de cualquier vacuna es reducir las enfermedades graves, las hospitalizaciones y las muertes.

El refuerzo de la vacuna bivalente previene:

- *62% de las hospitalizaciones en los primeros 2 meses*
- *50% en los meses 2-4*
- *24% en meses 5+*

Who should get vaccinated for COVID?

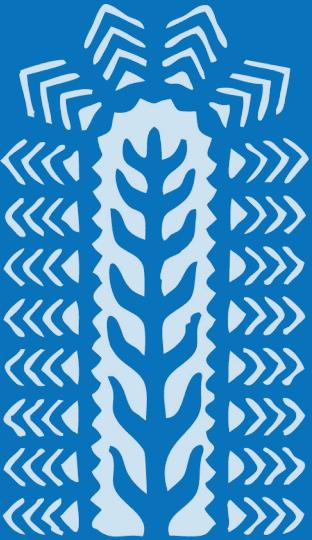

¿Quién debe vacunarse contra el COVID?

- Anyone who has never had a COVID vaccine
- Anyone who wishes to be vaccinated to increase protection against newer variants
- Elderly
- Immunocompromised
- Have medical conditions, like diabetes
- *Cualquier persona que nunca haya recibido la vacuna contra el COVID.*
- *Cualquier persona que desee vacunarse para aumentar la protección contra las nuevas variantes.*
- *Ancianos*
- *Inmunocomprometidos*
- *Tiene condiciones médicas, como diabetes.*

Bridge Access Program & Vaccines for Children

Programa Puente de Acceso y Vacunas para Niños

- Bridge Access Program is run by the CDC for adults 18+ years who are underinsured or uninsured
- Vaccines for Children is run by the CDC for children and covers many types of vaccines (not just COVID)
- *El programa Puente de Acceso está a cargo de los CDC y es para adultos mayores de 18 años con seguro insuficiente o sin seguro.*
- *El programa de vacunas para niños está a cargo de los CDC y es para niños y cubre muchos tipos de vacunas (no solo COVID)*

Who can get free COVID-19 vaccines?

¿Quiénes pueden recibir vacunas contra el COVID-19 gratis?

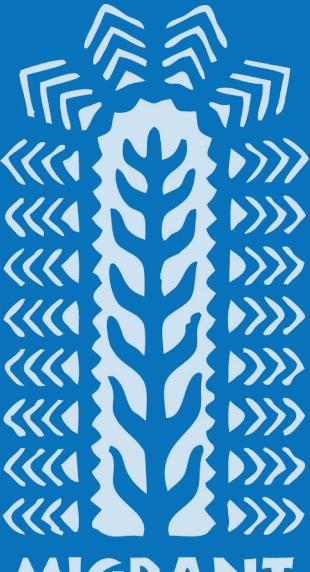

- Adults who do not have health insurance
 - Adults whose health insurance won't cover the full cost of a COVID-19 vaccine
 - Immigration status doesn't matter!
 - Ends Dec 31, 2024
- *Los adultos que no tienen seguro médico*
 - *Los adultos a los que su seguro médico no cubrirá el costo total de la vacuna contra el COVID-19*
 - *¡El estatus migratorio no importa!*
 - *Termina el 31 de diciembre 2024*

Where can they get the free vaccines? *¿Dónde pueden conseguir las vacunas gratis?*

- Local health departments
 - Health Centers (clinics that receive federal funding)
 - Pharmacies (CVS, Walgreens, eTrueNorth)
 - Vaccines.gov
- *Departamentos de salud locales*
 - *Centros de Salud (clínicas que reciben fondos federales)*
 - *Farmacias (CVS, Walgreens, eTrueNorth)*
 - *Vaccines.gov*

What information will they need to bring? *¿Qué información necesitarán traer?*

- There is no formal enrollment or eligibility process
- The vaccine provider will ask the patient if they have health insurance.
 - If they say NO, they are eligible.
 - If they say YES, the provider may need their insurance information to determine how much of the cost their insurance will cover.
- *No existe un proceso formal de inscripción o elegibilidad.*
- *El proveedor de la vacuna le preguntará al paciente si tiene seguro médico.*
 - *Si dicen NO, son elegibles.*
 - *Si dicen SÍ, es posible que el proveedor necesite la información de su seguro para determinar cuánto del costo cubrirá su seguro.*

Vaccines for Children

Vacunas para niños

Vaccines for Children

Protecting America's children every day

The Vaccines for Children (VFC) program helps ensure that all children have a better chance of getting their recommended vaccines. VFC has helped prevent disease and save lives.

CDC estimates that vaccination of children born between 1994 and 2021 will:

prevent **472 million** illnesses
(29.8 million hospitalizations)

more than the current population of the entire U.S.A.

help avoid
1,052,000 deaths

greater than the population of Seattle, WA

save nearly **\$2.2 trillion** in total societal costs
(that includes \$479 billion in direct costs)

more than \$5,000 for each American

U.S. Department of
Health and Human Services
Centers for Disease
Control and Prevention

Who can get free COVID-19 vaccines?

¿Quiénes pueden recibir las vacunas contra el COVID-19 gratis?

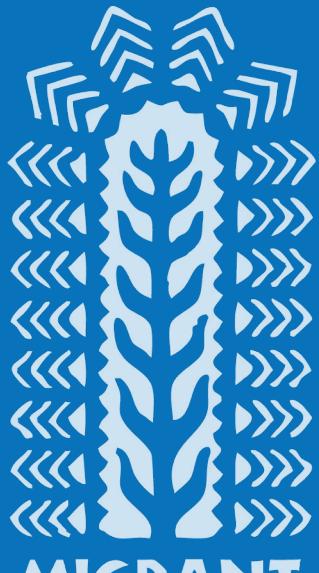

- Children 0-18 years who are uninsured
 - Children who are eligible for Medicaid
 - Children who are part of federally-recognized tribes
 - Children whose insurance does not cover vaccines
- *Niños de 0 a 18 años que no tienen seguro*
 - *Niños que son elegibles para Medicaid*
 - *Niños que forman parte de tribus reconocidas a nivel federal*
 - *Niños a los que su seguro no cubra las vacunas*

Where can they get the free vaccines? *¿Dónde pueden conseguir las vacunas gratis?*

- Local health departments
 - Health Centers (clinics that receive federal funding)
 - Rural Health Clinics
 - Any enrolled provider, which includes many schools, private & public clinics, hospitals, and private pediatrician offices
- *Departamentos de salud locales*
 - *Centros de Salud (clínicas que reciben fondos federales)*
 - *Clínicas de salud rural*
 - *Cualquier proveedor inscrito, que incluye muchas escuelas, clínicas públicas y privadas, hospitales y consultorios de pediatras privados.*

What information will they need to bring? *¿Qué información necesitarán traer?*

- Parents will be asked a series of questions, or more likely, will be asked to complete a form
- The provider does not have to verify the parent's answers
- *A los padres se les hará una serie de preguntas o, más probablemente, se les pedirá que completen un formulario.*
- *El proveedor no tiene que verificar las respuestas de los padres.*

Thank You!
