

Attention H-2A Farmworkers

Beginning in early **January of 2022**, all farmworkers entering the U.S. must be fully vaccinated against COVID-19.

If you plan to travel to the United States:

- Get all recommended doses of the vaccine at least **14 days** before you travel to the United States.
- Keep your **vaccination card** with you and present it at the airport.
- To get assistance with your vaccine, contact the Ministry of Labour & Social Security.

You are fully vaccinated if:

- You have all the recommended doses of a COVID-19 vaccine.
- Or 2 doses of any “mix-and-match” combination of accepted COVID-19 vaccines in the U.S.

AUTHORIZED VACCINES BY THE U.S. OR THE WORLD HEALTH ORGANIZATION (WHO)

- | | | |
|----------------|---|--|
| 1 dose | → | <ul style="list-style-type: none">• Johnson & Johnson (Janssen)• CanSino |
| 2 doses | → | <ul style="list-style-type: none">• Moderna (Spikevax)• Sinovac• Sinopharm |
| | → | <ul style="list-style-type: none">• Pfizer• Covishield• Covovax |
| | → | <ul style="list-style-type: none">• AstraZeneca• Covaxin• Novavax |

Other vaccines not listed here are not accepted in the U.S.

If you want to know where you can get a COVID-19 vaccine in the US or have questions about the requirements for H-2A workers, don't hesitate to contact your Liaison Officer or your employer.
