Understanding the Nuts & Bolts of Ag Worker Identification to Drive Access to Care for Ag Workers

Midwest Stream Forum

Presented by:

Gladys Carrillo, National Center for Farmworker Health Guadalupe Flores, Family HealthCare Network

September 25, 2019

Learning Objectives

- Define agriculture, including qualifying industries and tasks, for Agricultural Workers and distinguish between Migratory and Seasonal Agricultural Workers (MSAW).
- Describe the relationship between patient verification, Uniform Data Systems reports, and health center funding.
- Utilize the various tools and resources available to improve identification and registration processes such as assessment forms, action plans, digital training tools, etc.
- Identify promising practices for increasing access to care for Ag workers and their families.

The **National Center for Farmworker Health** is a private, notfor-profit corporation located in Buda, Texas, whose mission is "to improve the health status of agricultural worker families through the provision of innovative training, technical assistance, and information services to Migrant and Community Health Centers."

Programs, products, and services in support of our mission, include:

- Population specific resources and technical assistance
- Governance development and training
- Program management
- Staff development and training
- Health education resources and program development

AG WORKER ACCESS CAMPAIGN

This project was supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under cooperative agreement number U30CS09737, Training and Technical Assistance National Cooperative Agreement for \$1,433,856 with 0% of the total NCA project financed with non-federal sources. This information or content and conclusions are those of the author and should not be construed as the official position or policy of, nor should any endorsements be inferred by HRSA, HHS or the U.S. Government.

Why care about Ag workers?

Key Facts

- 4.5 Million: Estimated population of U.S. Ag workers & their families*
- 65% reported not having health insurance**
- 38% had not visited a
 U.S. healthcare provider
 in last 2 years**

^{*}NCFH & National Legal Defense Association (NLDA) Respectively

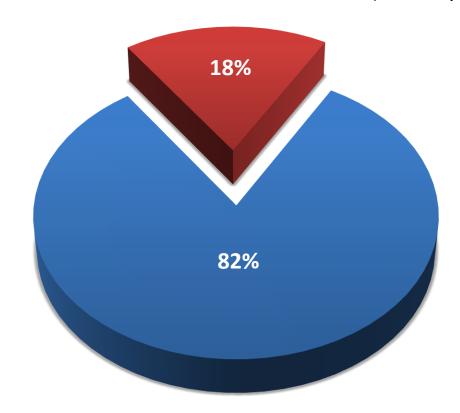

^{**}National Agricultural Workers Survey (NAWS) 2013 - 2014

^{***}HRSA UDS 2016

Percent of MSAWs Served

- Total Estimated MSAW Population (N = 4.5 million)
- MSAW Patients Served in C/MHCs (UDS Report 2017)

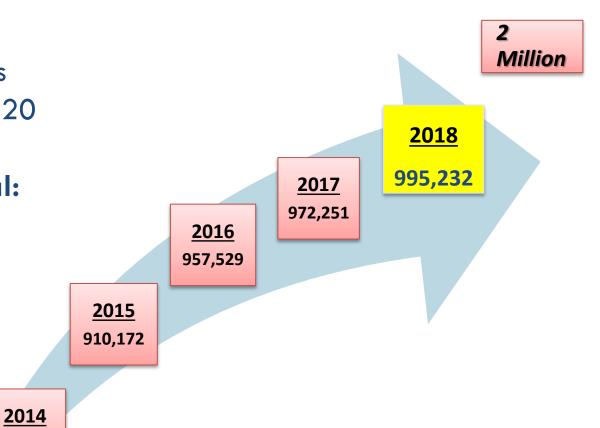

AgWorker Access Campaign

Overarching Goal:

Increase # of Ag workers served to 2 million by 2020

Health Center Level Goal:

Increase the # of Ag workers served by 15% each year, over the next five years

892,056

Why Increase Access to Care (IAC)?

- Increasing access is vital to the overall health and well-being of the agricultural workforce
 - Promoting & maintaining good health*
 - Preventing & managing disease and chronic illness*
 - Achieving health equity*
 - To address significant social drivers of health (financial, housing, transportation, language)

Benefits of Accurate Identification & Registration

- Improves population-specific goal setting & Performance Improvement
- Facilitates access to care & to appropriate treatment
- Ensures accuracy of data & supports population research

ID & Registration of Special Populations

- Special Populations have been identified due to their limited access to healthcare services.
- Patients considered belonging to a Special Population include: homeless, migratory and seasonal agricultural workers, veterans, patients served by school based health centers, and patients served at a health center located in or immediately accessible to a public housing site.
- Special Populations have unique challenges and barriers in accessing healthcare services.

All health centers report these populations, regardless of whether or not they directly receive special population funding.

UDS - What & Why

Standard mechanism for a health center to report:

- Number of patients served
- Patient population demographics, such as race, ethnicity, age, income levels, insurance sources
- Services provided, clinical processes and results
- Types of staff employed by health center
- Types of funding and payments received by a health center

The most important reason:

To be in COMPLIANCE with the requirements of the federal government

Accountability and ROI

Who Reports What & Where?

- Only Health Centers that receive section 330(g)
 funding from the Public Health Service (PHS) Act
 - Migrant Health Center funding, provide separate totals for migratory and for seasonal agricultural workers on lines 14 and 15.
 - For section 330(g) grantees: Lines 14 + 15 = Line 16.

All other Health Centers report on Line 16.

To Verify MSAW Status

You Need to Know...

- The definition of agriculture
- What types of industries and tasks in agriculture are included and excluded under HRSA rules
- The classifications of agricultural workers

Definition of Agriculture

HRSA, Health Center Program, Authorizing Statute. 42 USC Chapter 6A, Subchapter II, Part D, subpart i: health centers

The term "agriculture" means farming in all its branches, including:

- (i) cultivation and tillage of the soil;
- (ii) the production, cultivation, growing, and harvesting of **any commodity grown on**, **in**, or as an adjunct to or part of a commodity grown in or on, the land; and
- (iii) any practice (including preparation and processing for market and delivery to storage or to market or to carriers for transportation to market) performed by a farmer or on a farm incident to or in conjunction with an activity described in clause (ii).

NAICS Codes

Agriculture means "farming in all its branches as defined by the Office of Management and Budget(OBM)-developed North America Industry Classification System (NAICS), and include migratory and seasonal workers included in the following codes and all sub codes within: 111, 112, 1151, and 1152."

111	Crop Production
1111	Oilseed and Grain Farming
1112	Vegetable and Melon Farming
1113	Fruit and Tree Nut Farming
1114	Greenhouse, nursery, and floriculture production
1119	Other crop farming, tobacco, cotton, sugarcane, hay, peanuts, sugar beets
112	Animal Production and Aquaculture
1121	Cattle Ranching and Farming
1122	Hog and Pig Farming
1123	Poultry and Egg Production
1124	Sheep and goat farming
1125	Aquaculture
1129	Other animal production, apiculture, horses, fur bearing animals, companion animals
1151	Support Activities for Crop Production
1152	Support Activities for Animal Production

UDS 2019, pg. 40

111 Crop Production

© NCFH 2019

1151 Support Activities

Harvesting by machine

Post-harvest, like sorting, packing, processing

And...

- Farm labor contractors and crew leaders
- Soil preparation and cultivation
- Transportation

112 Animal Production & Aquaculture

112 Other Animal Production

Horses, donkeys, llamas

Companion animals, dogs, cats, birds

Fur bearing animals

Bees, crickets, worms

Lab animals

1152 Support Activities

- Boarding
- Branding
- Reproductive services
 (breeding, insemination, semen collection, etc.)
- Livestock spraying, cleaning, etc.

For more, see:

http://www.census.gov/eos/www/naics/

Tasks Performed by Ag Workers

Examples

- Preparation of the soil
- Seeding plants, flowers, grass, trees, vegetables, fruits, and other commodities
- Planting, thinning, growing, irrigating of vegetables & fruits
- Planting, caring, pruning, fertilizing, replacing trees
- Detasseling, collecting, harvesting (corn and other grains)
- Sorting, preparing, processing
- Canning, preserving, packing
- Transporting, storing, distributing
- Catching, preparing, processing aquaculture products
- Feeding, breeding, caring for animals, milking cows

Excluded Tasks & Industries

- Industry 42447-Meat and meat product merchant wholesalers
- Industry 561730-Landscaping services
- Industry 711219- Spectator Sporting
- Industry 48422- Trucking timber; specialized freight

Ag Worker Verification Process

- Step 1: Establish Occupation
- Step 2: Determine Time Frame
- Step 3: Determine Migratory Status
- Step 4: Determine Seasonal Status
- Step 5: Identify Former MAW
- Step 6: Identify all family members

27

STEP 1: Establish Occupation

Is Agriculture principal employment?

Verification Question: Have you or anyone in your family worked in agriculture?

Step 2: Determine Time Frame

Have you worked in agriculture anytime in the last 24 months?

Verification Question:
Have you or anyone in your
family worked in agriculture
in the last two years?

Step 3: Determine Migratory Status

Migratory or Seasonal

Verification Question: Have you or anyone in your family established a temporary home in order to work in agriculture?

Migratory - Establish a temporary abode

When a person and/or family leaves the area in which he/she lives to do agriculture work and must live somewhere other than in his/her home in order to do such work, that person is considered to have "established a temporary home".

Seasonal

Does not establish a temporary home

Step 4: Determine Seasonal Status

Verification Question: Have you or anyone in your family worked in agriculture on a seasonal basis without having to establish a temporary home?

- 1. Seasonality is not defined in the legislation, and is often defined unnecessarily narrowly.
- 2. "Seasonal basis" means that the worker's **employment** and **income** may fluctuate with changes in conditions and the kinds of agriculture that they are working in.

Do your job, hours, tasks, or income change with the seasons?

*Seasonal Agricultural workers may be employed throughout the year for each crop season and as a result might work "full-time."

Step 5: Identify Former MAW

Verification Question:

Have you or anyone in your family stopped migrating to work in agriculture because of a disability or age?

- Former MigratoryWorker
- No longer MAW because of age or disability

Classification of Agricultural Workers

Migratory	Seasonal	Aged/Disabled					
Principal employment is agriculture	Principal employment is agriculture on a seasonal basis	Former migratory agricultural workers unable to work in					
Employed within the last twenty- four months	Employed within the last twenty- four months	agriculture due to age or disability					
Establish a temporary home for the purposes of working in agriculture	Is not a migratory worker Has not established a temporary home in order to work in agriculture						
NOTE: Workers and their family mem	bers receive the same classification						

Step 6: Identify All Family Members

Family:

(A) migratory agricultural workers, seasonal agricultural workers, and members of the families of such migratory and seasonal agricultural workers who are within a designated catchment area; and

(B) individuals who have previously been migratory agricultural workers but who no longer meet the requirements of subparagraph (A) of paragraph (3) because of age or disability and members of the families of such individuals who are within such catchment area.

^{*}HRSA, Health Center Program, Authorizing Statute. 42 USC Chapter 6A, Subchapter II, Part D, subpart i: health centers

Registration Forms

- Does your registration form have the <u>right</u> <u>questions</u>?
- How would you modify?
- Do you have <u>quality assurance</u> in place?
 - What does it look like?
- When do you collect this information?
 - > Annually?
 - At every visit?

Asking the Right Questions

Questions	YES	NO
 In the past two years, have you or a member of your family worked in agriculture/farming as your/their principal employment including, but not limited to: Preparing, irrigating or spraying the fields, nurseries, orchards; Planting, picking, sorting, packing, or transporting fruits, vegetables, grains, nuts, plants, tobacco, hops, flowers, grass, alfalfa, hay, or other agricultural products; 	This person and his/her family are agricultural workers. CONTINUE to questions 3-4.	There is no agricultural worker in the household. GO to question 2.
 Planting trees; working with Christmas trees; picking pine needles or Spanish moss; 		
 Working on farms that produce chickens, ducks, turkeys, cows, goats, sheep, horses, fish, seafood, etc., 		

Asking the Right Questions

Questions	YES	NO
2. Have you or a member of your family stopped migrating to work in agriculture because of a disability or old age?	This person and his/her family are <u>"former migratory agricultural workers"</u> and should be registered as <u>migratory workers</u> .	to questions 3-4.
3. In the past two years, have you or a member of your family established a temporary home in order to work in agriculture?	This person and his/her family are migratory workers. STOP	CONTINUE to question 4.
4. In the past two years, have you or a member of your family worked in agriculture on a seasonal basis without the need to establish a temporary home?	This person and his/her family are <u>seasonal</u> workers. STOP	

Policies & Procedures

- Do you have a policy and procedure in place to serve special populations?
- How would you modify?
- Do you have <u>quality assurance</u> in place?
 - What does it look like?
- When do you <u>collect</u> this information?
 - Annually?
 - At every visit?

Common Challenges in Patient Registration Process

- How do I ask the questions?
- What assistance can I offer?
- How can I create a safe, comfortable and respectful?
- What if the patient is reluctant to answer the questions?
- What if I know they are an agricultural worker and they but do not confirm or identify as such?
- What if the patient is having difficulty filling out the form?

What if the patient is reluctant to answer?

- Ask the patient the question in another way.
 - ✓ Who do you work for?
 - ✓ What is the name of the company?
 - ✓ What type of work do you do?
- Let them know why you need to know this information:
 - ✓ We want to be able to better serve you.
 - ✓ We receive special funds for agricultural workers and we need to keep track of all patients we serve.
 - ✓ We have special programs to assist you.

What if I know the patient is an Agricultural Worker?

- If you know they are currently working in agriculture, then register them as such and explain to the patient why.
- Explain to the patient why you need to know this information.
- Let them know they do not need to be afraid. You provide health care and their information is not being shared with anyone without their permission.

What if the patient is having difficulty filling out the form?

- Confirm if they understand the question.
- Reiterate questions or say in simpler terms.
- Always be mindful of tone of voice.
- Offer assistance in filling out form.
- Make sure forms are available in patient's preferred language

Tips and Strategies

- Implement policies, procedures and staff training to ensure that staff understand the population and how to accurately identify and register them.
- 2. Ask the right questions in the registration form and provide assistance.
- 3. Remember to inquire about occupation in the last two years.
- 4. Make sure that all patients, or guardians, are screened for agricultural worker status (and other special populations), regardless of insurance or employment.
- 5. Cross reference adult agricultural workers with family members who are patients of the health center in the electronic health record.
- 6. Develop outreach strategies to inform Ag community of HC services.

Ag Worker Verification Process

Digital Story

Migrant Health Action Planning

Create A Plan

Ask These Key Questions:

- What have you put in place to increase Ag worker user numbers?
- What are some strategies you can put in place to increase access to care for your Ag worker population?
 - Systems' changes (policies, procedures, training, hiring staff, etc.)
 - What outreach efforts can you put in place to serve new industries or unmet areas?
- What is a realistic goal your health center can achieve in increasing access to care for Ag workers this year? (i.e., 5%, 10% increase)?

Tips & Strategies

- Complete a Migrant Health Program Assessment
- Understand your community (Ag worker profile)
- Identify new populations/areas to be served
- Identify key partners- traditional and non-traditional
- Have the right materials regarding health center services
- Share benefits of accessing care at the health center

Training Alert

Did you know that a patient who has stopped working in agriculture (farm work) because of a disability or age (too old to work) in considered a lifetime farmworker? Their family members are also considered migrant and should be coded as such.

Who is considered a Farmworker?

- · Principal employment is in agriculture
- Employed anytime in the last 24 months.
- Includes individuals with family members conducting farm work
- Individuals who were previously migratory agricultural workers but no longer can work due to age or disability (and members of family).
- · Individuals seeking employment in agriculture

Migratory Agricultural worker

. Establishes a temporary home away from their primary home because of

Seasonal Agricultural worker

- · Not migratory
- . Does not need to establish a temporary home because of agricultural employment

- · Working in the fields (fruit, flowers, vegetables, grains, nuts, cotton)
- Planting, picking, pruning, fumigating, irrigating, harvesting
- Working in dairy industry
- Cultivation and tillage of soil, preparing the soil (using a hoe, tractor, etc)
- · Working in a packing house or cannery
- · Preserving fruits or vegetables
- Transporting, storing or distributing ag-related products (Truck driving)
- Poultry (such as Foster Farms)
- Working in a nursery (such as Monrovia)
- Lumber & forestry
- Farm and ranch animal farmworkers.
- Individuals who examine animals for illnesses, injury and administer vaccines.
- Individuals involved in office/administrative responsibilities in agricultural field
- Animal Breeders (chickens, pigs, sheep, horses, fish etc.)

- In the last 2 years, have you or anyone in your family, worked in any type of agriculture (farm work) like: planting, picking, preparing the soil, packing house, dairy, driving a truck for any type of farm work, etc.

 Yes No tryer, classify as "Seasonal"
- In the last 2 years, have you or a member of your family moved to another area and lived away from home in order to work in any type of agriculture (farm work)?
 Yes \(\Quad \) No \(\text{liver} \), cleasily \(\text{e} \) Wife \(\text{liver} \).
- Have you or a member or your ramily stopped migrating to work in agriculture (farm work) because of a
- disability or age (too old to do the work)?

 Yes No Hyes, classify as "Migrant" 4. Are you seeking employment in agriculture?
- ☐ Yes ☐ No If yes, classify as "Seasonal"

Note - It is important to capture our farmworkers and family in our e-CW system so that we can truly represent our farmworkers (in numbers) at the federal & state levels and advocate for them

Training/TA Opportunities: Action Planning

- Want to be part of a Learning Collaborative?
 - Finalize MH Program Needs Assessment
 - Create MH Action Plans to Increase Access to Care for Ag Workers
 - Hands-on Training
 - Become part of a quarterly "Virtual Network" for sharing of best practices
 - Goal setting and monitoring
- On-site training
- Webinars
- Website Resources: http://www.ncfh.org/administrative.html

IAC Network

What is the IAC Network?

A learning collaborative of HC Networks, PCA's, and C/MHCs across the country

What are they doing?

- Migrant health action planning
- Participating in quarterly network calls
- Participating in training through a virtual network
- \triangleright Sharing UDS information 2x/year to track outcomes
- Sharing knowledge, tools and <u>resources</u>
