

THE COVID-19 VACCINE

WHAT YOU SHOULD KNOW

EVERYONE HAS THE RIGHT TO GET VACCINATED!

IT'S SAFE

It's normal to have some side effects, like arm pain or fever.

IT'S EFFECTIVE

It helps the majority of people avoid getting sick with COVID-19.

IT'S FREE

No matter what your immigration status is, or if you're uninsured.

Until most people have been vaccinated against COVID-19, we still need to: use a mask, keep a distance of 6 feet or 2 meters, and wash our hands often.

Are you an agricultural worker in the United States and want to know when and where you can get vaccinated? Talk to your health care provider or call the Call for Health line at:

1-800-377-9968 or send us a message on Whatsapp: **(737) 414-5121**
