

Preparing Health Center Staff for the New Era of Immigration Enforcement

**27th Annual Midwest Stream Forum for Agricultural Worker Health
Grand Rapids, Michigan**

September 20, 2017

Roger C. Rosenthal, J.D.

Executive Director
Migrant Legal Action Program
Washington, D.C.

I. Background/Overview

II. Current Administration Immigration Enforcement Policy

- Border Enforcement**
- Arrests/Releases/Deportations --
“Sensitive Locations” Memo**
- Secure Communities Program**

- **Priority Enforcement Program (PEP) –**
(phased out)
- **287(g) Program**
- **E-Verify**

III. State and Local Law Enforcement of Federal Immigration Laws

Can local police stop anyone and ask for
immigration documents?

IV. Thinking About How Immigration Enforcement Affects Each Role/Job in a Health Center

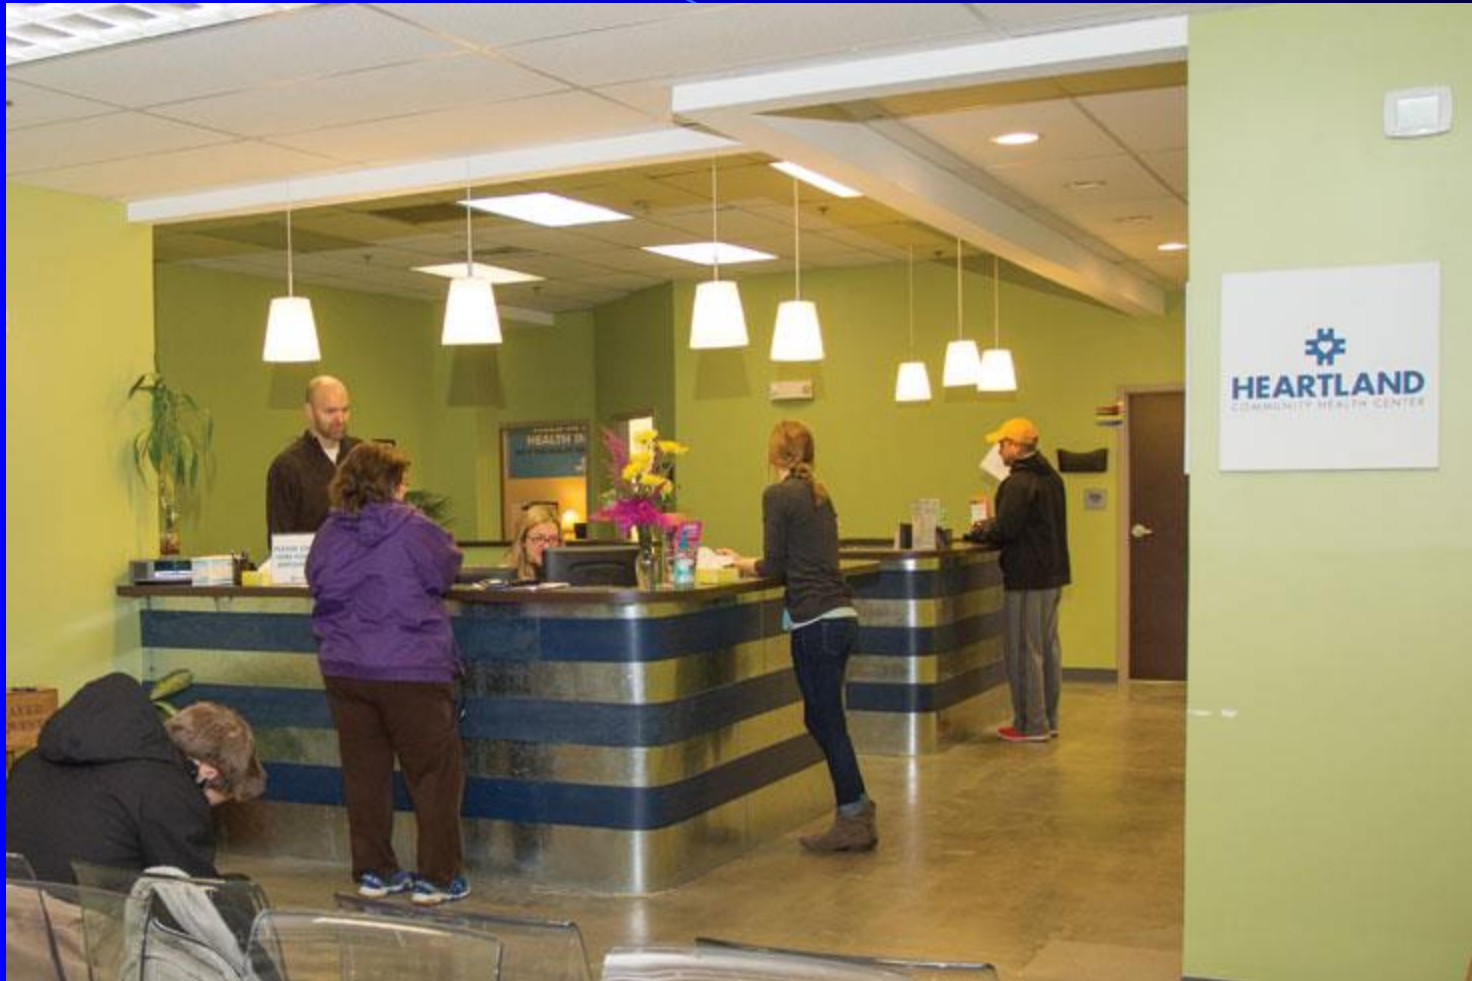

A. Outreach

B. Intake

C. Medical Personnel

D. Executive and Administrative Personnel

E. Those Transporting Patients to Appointments Outside the Center

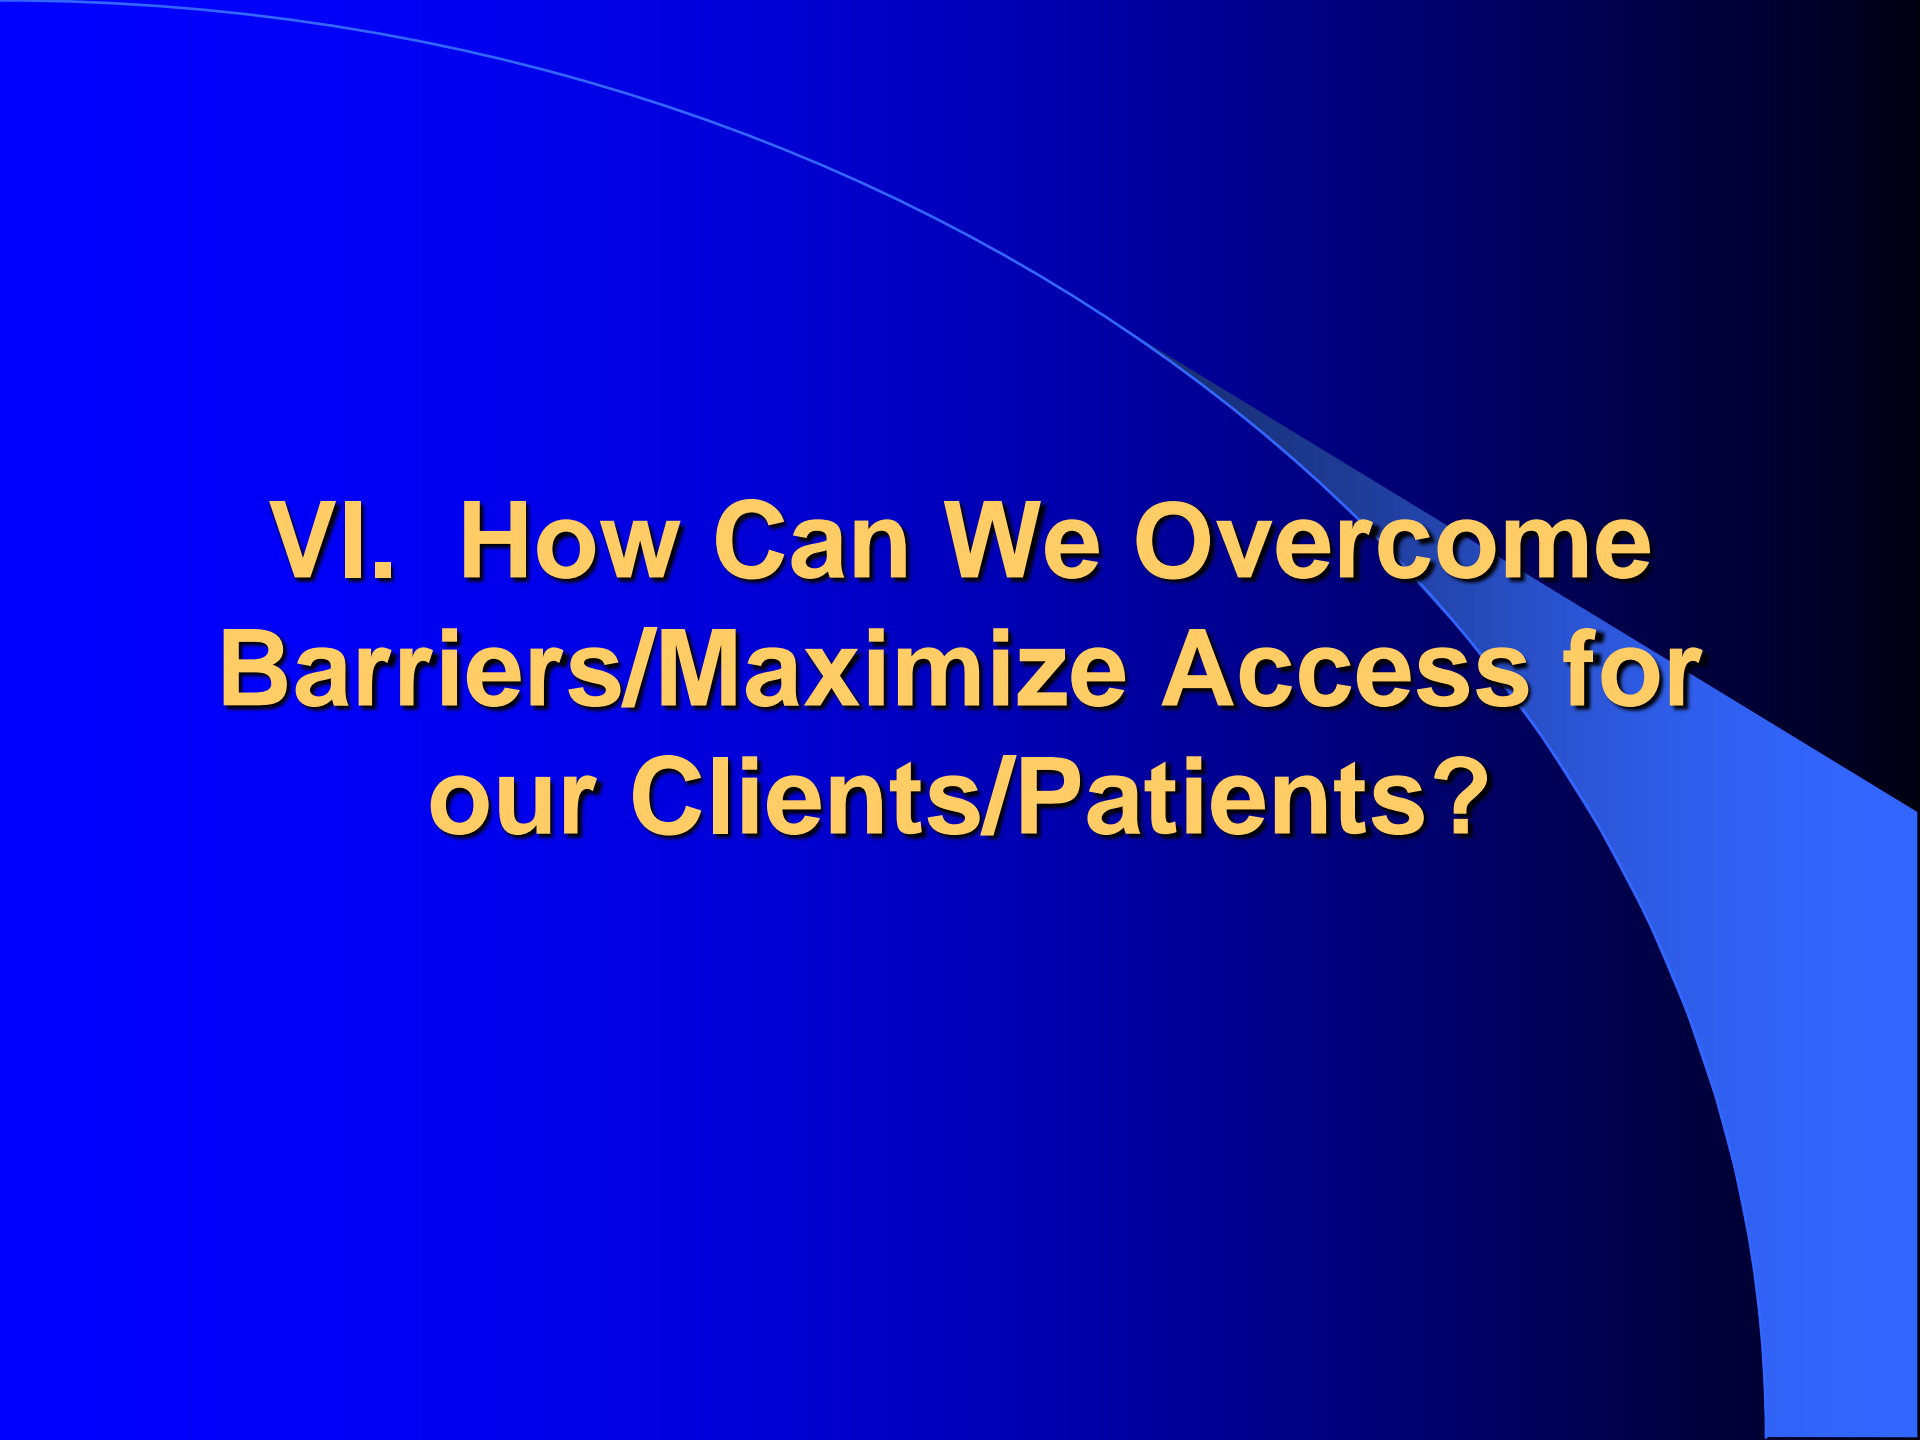

V. Thinking About the Physical “Plant” of the Health Center and its Neighborhood

The background is a solid blue gradient. A thin, light blue curved line starts from the top left and arcs across the upper half of the slide. On the right side, there is a darker blue triangular shape pointing towards the center.

VI. How Can We Overcome Barriers/Maximize Access for our Clients/Patients?

Roger C. Rosenthal
