

# Special Populations Part 1 Test

# Case Study 1

## Scenario

**Rafael works from October to February at a very busy dairy farm. From May to August he works in berries.**

**The rest of the year he works in whatever job there is; from apple harvesting and landscaping, to taking care of horses, llamas and construction.**

## Instructions:

**After reading the scenario, think of the following questions in order to determine the status of the patient.**

**For the past 2 years has the client or any family member:**

- Worked in Agriculture on a seasonal basis?
- Moved to other areas to work in agriculture & established a temporary home?
- Used seasonal agriculture as the main source of income?
- No longer able to work because of their age or disability.

**How should this client and family be classified? (circle one)**

- Migrant
- Seasonal
- Aged or disabled
- Not a farmworker
- Need more information

# Case Study 2

## Scenario

**Ms. Lopez is 68 years old. She worked for 30 years in Central California in the lettuce corridor (“en el corrido de lechuga”)**

**Seven years ago she had a job related accident and as a result, she is unable to work. She receives a small disability check.**

## Instructions:

**After reading the scenario, think of the following questions in order to determine the status of the patient.**

**For the past 2 years has the client or any family member:**

- Worked in Agriculture on a seasonal basis?
- Moved to other areas to work in agriculture & established a temporary home?
- Used seasonal agriculture as the main source of income?
- No longer able to work because of their age or disability.

**How should this client and family be classified? (circle one)**

- a. Migrant
- b. Seasonal
- c. Aged or disabled
- d. Not a farmworker
- e. Need more information

# Case Study 3

## Scenario

Mr. Sanchez comes every year to Western Washington to work in tulips and berries. He plants and harvests those products.

He also works driving a truck carrying the products from the fields to the packing houses. When the job ends, he travels to Guatemala to live with his family for about two months and then he returns to Washington for the next season.

## Instructions:

**After reading the scenario, think of the following questions in order to determine the status of the patient.**

**For the past 2 years has the client or any family member:**

- Worked in Agriculture on a seasonal basis?
- Moved to other areas to work in agriculture & established a temporary home?
- Used seasonal agriculture as the main source of income?
- No longer able to work because of their age or disability.

**How should this client and family be classified? (circle one)**

- a. Migrant
- b. Seasonal
- c. Aged or disabled
- d. Not a farmworker
- e. Need more information
